Bryan Decker Promoted to Principal Position

Shortly after Bryan joined Layout, Inc. in 2004, the Owners saw Bryan's leadership and management potential. His dedication, hard work and strong commitment to the company have been rewarded by his recent promotion to a position as Principal.

Bryan's professional growth over the last several years has been mirrored by growth in his personal life. Married to lovely Janice, a new home was followed by the birth of his first son, Nicholas.

Just recently the family welcomed the arrival of a brother for Nicholas, Daniel Curtis Decker.

Layout is proud to share in Bryan's Growth.
